

Project Presentation

Enterprise Network Design Using Cisco Packet Tracer

Prepared by : Pratik Rane
Date : August 2026

Project overview

- Design a secure enterprise network for Mumbai Branch
- Provide secure communicationh
- Implement VLANs routing and network security

Key Features

- Vlan 10 20 30
- Inter VLAN Routing
- HSRP
- OSPF & Statics Routing
- DHCP
- VTP & DTP
- DNS

Key Features

- Dual Multiple Switch Architecture
- Server Farm
- High Availability using HSRP
- Site-to-Site Connectivity

Network	Ip Range	Purpose
VLAN 10	192.168.10.0	HR
VLAN 20	192.168.20.0	Sales
VLAN 30	192.168.30.0	Server
MLS 1 → Router	10.10.10.0	P2P
MLS 2 → Router	10.10.20..0	P2P

THANK YOU
